Mounting	Surface mounted — clips, screws and adhesive tape included
Weight	300g
Guarantee	7 years

IN THE BOX

- 1 × 1 metre black surface profile
- 1 × black diffuser
- End caps
- Mounting clips and screws

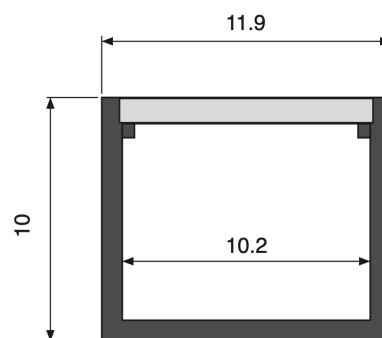

DESCRIPTION

This 1 metre surface channel takes LED strip up to 10mm wide in an 11.9 × 10mm aluminium section. It arrives with a black diffuser cover, end caps, mounting clips and screws.

Specify it where the channel itself has to disappear — dark ceilings, black-framed glazing, stained joinery — and the light is an accent, not the working light. Face-fix it to a shelf underside or a reveal.

A black cover absorbs noticeably more light than an opal one, so plan the run as accent lighting, not task light over a worktop or mirror. Check strip width against the 10mm channel, and keep the run indoors: IP20 rules out bathrooms and outdoor positions.

DIMENSIONS

Section 11.9 x 10mm · 10.2mm internal channel · fits LED strip up to 10mm

Cross-section — all dimensions in millimetres
