

1 Metre Aluminium LED Surface Profile 17 × 8mm, Opal Diffuser

Surface-mounted channel for LED strip up to 12mm

SPECIFICATION

Profile type	Surface mounted
Section	17 × 8mm · 12 × 6mm channel
Length	1 metre
LED strip size	Up to 12mm
Material	Anodised aluminium
Finish	Silver anodised
Diffuser	Push-in opal
IP rating	IP20 — dry indoor only
Mounting	Surface clips and screws
Form	Straight runs only
Weight	300g
Guarantee	7 years

IN THE BOX

- 1 × 1m profile
- 2 × end caps
- 1 × 1m opal diffuser
- 2 × mounting clips with screws

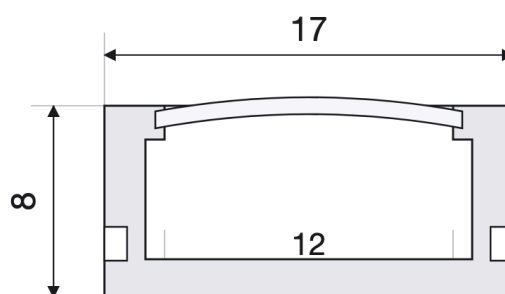

DESCRIPTION

A 1 metre surface channel in anodised aluminium, 17mm wide by 8mm high with a 12 × 6mm internal channel. It takes LED strip up to 12mm wide and arrives with an opal diffuser, two caps and two screw-fixed mounting clips.

At 8mm high it sits almost unnoticed under a wall cabinet, along a shelf edge or down a stair stringer. The opal cover blends the diodes of a COB strip into one even bar of light. IP20 — dry indoor positions only.

Cut to length with a fine-tooth blade and file the edge before the cover clips on. The section is rigid, so plan straight runs and butt two lengths under a clip for anything longer.

DIMENSIONS

Cross-section — all dimensions in millimetres
