Mounting	Surface mounted on screw-fixed clips
Weight	300g
Guarantee	7 years

IN THE BOX

- 1 × 1 metre black surface profile
- 1 × opal diffuser
- End caps
- Mounting clips and screws

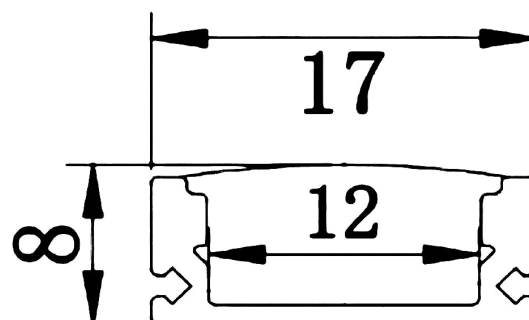

DESCRIPTION

This 1 metre surface channel takes LED strip up to 12mm wide in a 17 x 8mm aluminium section. It arrives with an opal diffuser cover, end caps, mounting clips and screws.

Face-fix it to a finished surface where there is no depth to recess into — under a wall unit, along a shelf edge, or on the underside of a cabinet. At 8mm high it keeps a low shadow line while still taking a 12mm tape, which makes it the general-purpose choice across most joinery.

Check your strip width against the 12mm channel before ordering, and allow clearance at the feed end for the solder joint and cable. Keep the run indoors — IP20 rules out bathrooms and outdoor positions.

DIMENSIONS

Cross-section — all dimensions in millimetres
