

1 Metre Silver Aluminium LED Corner Profile 19 × 19mm, Opal Diffuser

45° corner channel for LED strip up to 12mm, opal diffuser supplied.

SPECIFICATION

Profile type	Corner aluminium profile
Section	19mm × 19mm
Length	1 metre
LED strip size	Up to 12mm
Material	Anodised aluminium
Finish	Silver anodised
Diffuser	Opal
IP rating	IP20 — dry indoor only
Mounting	Surface mounted with screws and mounting clips
Weight	300g
Warranty	7 Years

IN THE BOX

- 1 × 1 metre silver corner profile
- 1 × opal diffuser
- End caps
- Mounting clips and screws

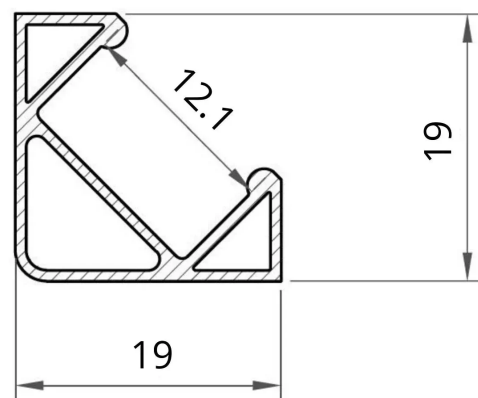

DESCRIPTION

This 1 metre corner channel takes LED strip up to 12mm wide in a 19 × 19mm aluminium section. It arrives with an opal diffuser cover, end caps, mounting clips and screws.

Use it where the run is long, the strip is high output, or the corner detail needs more physical presence than the 16mm section gives. The larger section puts more aluminium around the strip to sink heat into over several metres, and stands up better to knocks at counter and kickboard level.

The external section grows to 19 × 19mm but the internal channel still takes strip up to 12mm — the larger outside does not buy a wider tape. The 45-degree mount is asymmetric by design, and IP20 rules out bathrooms and outdoor positions.

DIMENSIONS

Cross-section — all dimensions in millimetres
