Neon Flex and other accessories sold separately.

1 metre: 1 screw set - 2 screws + 2 wall plugs.
2 metres: 2 screw sets - 4 screws + 4 wall plugs.

Profile illustration. Refer to the cross-section for dimensions.

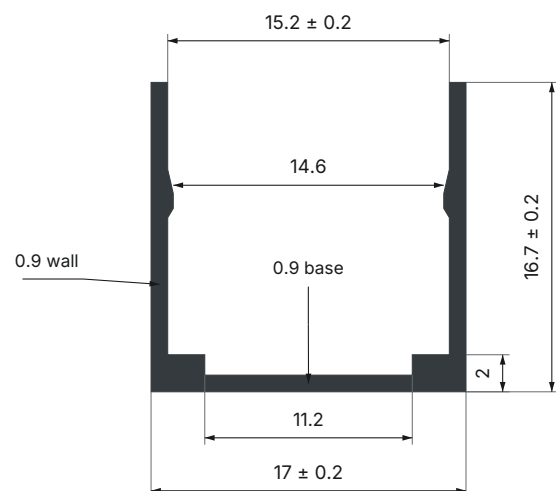

DESCRIPTION

A rigid aluminium U-channel for neat, aligned straight runs of ATOM LED 15x15mm IP67 Neon Flex. Choose the 1 metre or 2 metre profile to suit the layout.

Check the actual Neon Flex fit before fixing. Align the channel on a suitable substrate, remove sharp cut edges and keep fixing heads clear of the Neon Flex.

IP67 and voltage describe the compatible Neon Flex, not the bare aluminium profile. The Neon Flex must retain its specified sealing and bending limits.

DIMENSIONS

Cross-section in mm. Not to scale.
Supplied drawing callouts; verify fit before installation.
