

Blue Silicone Neon Flex Tube Diffuser 8 × 10mm

Flexible blue silicone sleeve for 6mm LED strip — neon-look lines, signs and lettering.

SPECIFICATION

Profile type	Silicone tube diffuser
Section	8 × 10mm (W × D)
Length	1 to 50 metres, per metre
LED strip size	Up to 6mm
Material	Silicone
Finish	Blue
Diffuser	n/a — coloured tube
IP rating	See product page
Mounting	Recessed or surface
Form	Flexible — bends on site
Weight	See product page
Warranty	7 Years

IN THE BOX

- Blue silicone tube
- Strip not included

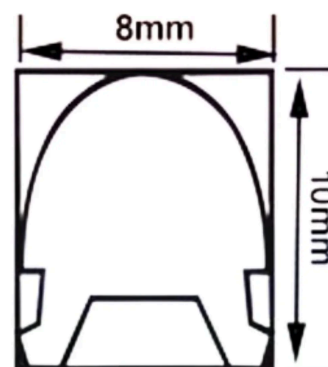

DESCRIPTION

An 8mm wide, 10mm deep blue silicone tube that sleeves over 12V or 24V DC LED strip up to 6mm wide. The strip slides into the slot in the base and the domed top turns the individual LEDs into one continuous blue neon line.

Fix it recessed into a routed slot or surface-mounted, and bend it on site to trace letters, shelf edges, stair strings or sign outlines. Sold per metre from 1 to 50m; the LED strip is bought separately.

No IP rating is stated for this tube, so treat it as an indoor product and keep the strip and its connections dry.

DIMENSIONS

Cross-section — all dimensions in millimetres
