IP rating	See product page
Mounting	Recessed or surface
Form	Flexible — bends on site
Weight	See product page
Warranty	7 Years

IN THE BOX

- 1 × silicone tube
- No strip included

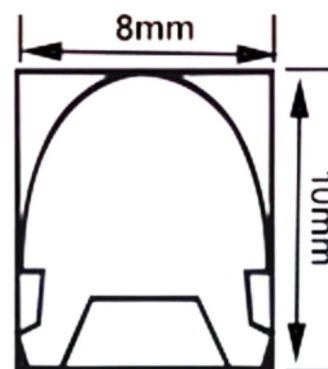

DESCRIPTION

An 8mm wide × 10mm deep green silicone tube that slides over LED strip up to 6mm wide (12V or 24V) and turns a row of bare diodes into one continuous green line. The strip is bought separately; the tube arrives in the length you order.

It bends on site around letter forms, shelf edges and stair strings, and sits either recessed in a routed slot or surface-mounted. Feed the strip in with the tube straight, then form the curves.

No IP rating is stated for this tube — treat it as an indoor diffuser and check the product page before fitting in any damp location.

DIMENSIONS

Cross-section — all dimensions in millimetres
