IP rating	See product page
Mounting	Recessed or surface
Form	Flexible — bends on site
Weight	See product page
Warranty	7 Years

IN THE BOX

- 1 × silicone tube
- Strip not included

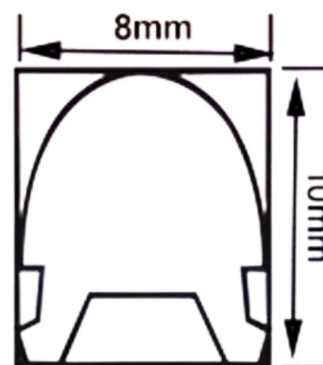

DESCRIPTION

An 8mm wide, 10mm deep purple silicone tube that slides over 6mm LED strip and turns it into a continuous line of neon-style light. The tube is purple lit or unlit, so pick the strip colour with the finished glow in mind.

It is flexible and bends on site to follow lettering, shelf edges and stair strings. Recess it into a routed slot or fix it to the surface; feed the strip in from one end and keep any joins outside the tube.

The tube and the LED strip are sold separately. Check the product page for the IP rating before fitting it anywhere damp.

DIMENSIONS

Cross-section — all dimensions in millimetres
