

Flexible Silicone LED Strip Profile Cover 12 × 12mm

Bendable recessed silicone cover for LED strip up to 8mm, 18mm lip, sold per metre up to 50m.

SPECIFICATION

Profile type	Flexible silicone cover
Section	12 × 12mm body · 18mm full width
Length	1–50 metres, sold per metre
LED strip size	Up to 8mm
Material	UV-stable silicone
Finish	Opal
Diffuser	Integral opal silicone
IP rating	See product page
Mounting	Surface or recessed
Form	Flexible — bends on site
Weight	See product page
Warranty	7 Years

IN THE BOX

- 1 × silicone cover

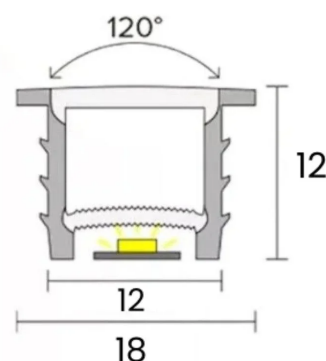

DESCRIPTION

This flexible silicone body takes LED strip up to 8mm wide in a 12 × 12mm channel and turns it into a continuous neon line. Rout a slot for the 12mm body and the 18mm top lip sits on the finished face; the strip sticks into the channel and the cover presses in, held by its fit or a bead of adhesive.

Unlike a rigid aluminium channel it bends on site around curves and corners, and cuts to length with a sharp blade. It also surface-mounts where routing is not an option.

No IP rating is stated for this cover, so the strip inside sets the ingress protection — check the product page before fitting it anywhere damp.

DIMENSIONS

Cross-section — all dimensions in millimetres
